## Expectations

Graduation marks an important milestone on your journey of life. Our events are to celebrate a student's success and their friendship relationships throughout their high school experience. As this is a school sponsored event, there is a clear expectation that students and guests will abide by our regular school rules. This includes respectful behavior and interactions with others and in terms of the use of drugs, alcohol and vape devices. Individuals who refuse to follow these expectations will be asked to leave. While we hope that there will be no issues, unfortunately history has demonstrated that this is not always the case. So we ask graduates, guests and families to respect our expectations. Our hope is that all graduates and guests have a positive and joyous celebration.
